Lesson notes · for you

Things that sense: unit check

IoT · Level 1 · Unit check

Time
45 min

Materials
Paper and a pen. No device needed.

Learning goals

- Machines that notice
- The sensors in your phone
- Measure it right
- Connected things, safely

Activity: Quiz yourself

1. Answer each question on paper first, without looking back
2. Check your answers and read every explanation
3. Redo the lab from the lesson you found hardest
4. Explain one big idea to a friend or someone at home

Discussion

- Which idea surprised you most, and why?
- Where will you notice this at home or in town this week?
- What would you like to build or try next?

Check yourself

- One thing I can now explain, and one thing I want to try

Try it this week
Choose one idea from this course and show it to someone at home: build it, draw it or explain it in two minutes.
