# Data science and society: review

## Data science · Level 4 · Unit check

# In this unit

- Samples and margins
- Finding groups
- Fair models
- Deciding with data

# The big ideas

- Report a range
- Groups are not verdicts
- Check every group
- Trial fairly, then decide

# Revise in pairs

1. Pairs (2 min): Find a partner.
2. Quiz (15 min): Answer together.
3. Check (8 min): Compare with the answers.

# Let’s discuss

1. Which idea will you bring to staff first?
2. Which school tool will you audit?
3. Which hunch will you test?

# Exit ticket

- One trial I will propose this term, and its comparison group.
