Lesson notes · for you

Smart but not always right: unit check

AI security · Primary school · Unit check

Time	Materials
45 min	Paper and a pen. No device needed.

Learning goals

- AI makes guesses
- Wrong examples, wrong answers
- Keep your secrets
- Real or fake?

Activity: Activity: Team quiz

1. Make teams of three or four
2. Read each question aloud; your team agrees on one answer
3. Check the answer and say why
4. Write the hardest question on a card for tomorrow

Discussion

- Which habit from this unit will you use most?
- What surprised you most about AI?
- How would you explain “stop, think, ask” to a younger child?

Check yourself

- My most useful habit from this unit, and when I'll use it.

Try it this week

Pick the habit from this unit you need most (check what matters, keep your secrets, or stop, think, ask), use it every day this week, and teach it to someone at home.

Worksheet

Smart but not always right: unit check

AI security · Primary school · Unit check

Name _____ Class _____ Date _____

1 **How does AI learn?**

◯ From lots of examples ◯ By magic ◯ It knows everything from the start

2 **If an AI sounds very sure, it must be right.**

◯ True ◯ False

3 **Match each AI answer to what you do.**

A funny poem	• • • •	Check your school book
Which berries are safe to eat	• • • •	Ask a grown-up
A date for your history homework	• • • •	Just enjoy it

4 **Someone sneaks wrong labels into an AI's examples. What happens?**

◯ It learns the mistakes ◯ It gets smarter ◯ Nothing happens

5 **Adding wrong examples on purpose to spoil an AI is called data poisoning.**

◯ True ◯ False
