Lesson notes · for you

When something goes wrong

Cyber security · Level 1 · Lesson 4

Time	Materials
15 min	Paper and a pen; A phone, with a parent or guardian

Learning goals

- Recognise the signs of a hacked account.
- Take the recovery steps in order.
- Act fast after a scam, and keep evidence.
- Tell a trusted adult, and help a friend who was tricked.

Activity: What would you do?

1. Read (3 min): Read the four problem cards: a hacked chat account, money sent to a fake shop, a password changed by a thief, and a stranger offering to recover money for a fee.
2. Order (5 min): For each card, write the first three things you would do, in order.
3. Compare (4 min): Compare with a partner. Where your orders differ, agree on the best one and say why.
4. Plan (3 min): Write the name of the adult you would tell first, and one thing that would make it easier to tell them.

Use made-up names on the cards, and never real passwords or account numbers.

Discussion

- Why is telling an adult the first step?
- Why must the helpline number come from the official app or card?
- How can you help a friend who was tricked?

Check yourself

- My first three steps if I am hacked.

Try it this week

With someone at home, write a short plan on paper: who you would tell, where the recovery settings are in your main apps, and the official helpline number of your family's bank or mobile money company. Keep it somewhere easy to find.

Worksheet

When something goes wrong

Cyber security · Level 1 · Lesson 4

Name _____ Class _____ Date _____

1 **Your friend paid for fake game coins. A stranger offers to get the money back for a small fee. What should your friend do?**

- ◯ Pay the small fee
- ◯ Say no: tell a parent and report it
- ◯ Pay half now and half when the money comes back

2 **Someone has got into your chat account. Put the steps in the best order.**

- ☐ Warn your friends and report the account
- ☐ Turn on two-step sign-in and sign out of other devices
- ☐ Change the password, and anywhere you reused it
- ☐ Tell a trusted adult

3 **If you were tricked by a scam, it's better to keep quiet so you don't get into trouble.**

- ◯ True
- ◯ False

4 **Which of these are signs that someone else may be using your account? Choose all that apply.**

- ☐ Friends get messages from you that you didn't send
- ☐ An alert about a sign-in from a phone you don't own
- ☐ Your password suddenly stops working
- ☐ The app shows you a new feature after an update
- ☐ Your battery runs low after a long game

5 **Match each problem to the first thing to do.**

You typed your password on a fake page	• • • •	Say no: it's a second scam
You sent money to a scammer	• • • •	Use "Forgot password" or the official help page
A thief changed your password	• • • •	With an adult, call the official number of the payment company
A stranger offers to recover your money for a fee	• • • •	Change it at once, and anywhere you reused it

✎ **Who would you tell first if one of your accounts was hacked or you were scammed? What would make it easier to tell them?**
