Lesson notes · for you

Collect and sort: unit check

Data engineering · Level 1 · Unit check

Time	Materials
25 min	Paper and a pen. No device needed.

Learning goals

- Ask, count, tally
- Sort it into a table
- Draw it: charts
- Data about you

Activity: Team quiz

1. Teams (2 min): Make teams of four and give each team a sheet of paper for its answers.
2. Quiz (15 min): Read each question aloud; each team agrees on one answer and writes it down.
3. Explain (8 min): Reveal each answer and ask one team to explain why it's right.

Discussion

- Which question would you like to ask next?
- What makes a chart fair?
- Who could you ask before sharing your details?

Check yourself

- One thing I learned about data, and one thing I'll keep private.

Try it this week

Ask your family one question, make a tally, draw a fair bar chart, and keep everyone's private details off it.

Worksheet

Collect and sort: unit check

Data engineering · Level 1 · Unit check

Name _____ Class _____ Date _____

1 **What is data?**

◯ Facts we collect to answer a question ◯ Only numbers on a computer ◯ Pictures we draw

2 **Tally marks are counted in groups of five.**

◯ True ◯ False

3 **Match each tally to its number.**

One group of five and one line	• • • •	3
Two groups of five and two lines	• • • •	12
Three lines	• • • •	6

4 **In a table of the days of the week, what does one row show?**

◯ One day ◯ The whole week ◯ One heading

5 **Which of these make a good table? Choose all that apply.**

☐ A heading on every column ☐ One fact in each cell ☐ A Total row in the middle
