Lesson 4 · Data in class: record, chart, decide

Rain data detective

Record, chart, spot the pattern, decide

Name _____
Class _____
Date _____

Use the rain readings in each task. Work with a partner.

1 Steps in order

Number the data steps 1–4.

- ☐ Spot the pattern
- ☐ Record readings in a table
- ☐ Decide what to do
- ☐ Draw a bar chart

2 Draw the chart

Rain (mm): Mon 6, Tue 10, Wed 4, Thu 0, Fri 0. Draw the bars.

Draw here

3 True or false?

Circle T or F.

	True	False
a Write 0 when nobody read the gauge.	☐	☐
b Each bar's height shows the rain in mm.	☐	☐
c The steps up the side must be equal.	☐	☐
d In task 2, Thursday and Friday were dry.	☐	☐
e A connected sensor never needs checking.	☐	☐

Challenge

Class rule: water if less than 5 mm fell in the last two days. Using task 2, should you water on Saturday? Explain.
