Lecture plan · for the lecturer

Who a detector misses

University, vision 2

Time
45 min

Materials
A phone with Darsi; Paper for one hand-worked step; The slides from the kit

Learning goals

- Trained on close-set eyes
- The line is shared

Activity: In the lab

1. Read the wide score
2. Read the box

Discussion

- Why is the training shape not a test?

Exit ticket

- Name the group the detector missed.

Try it in your next lecture
Add one sentence to the lab sheet: photographs of people are out of scope.

Seminar sheet · for students

Who a detector misses

University, vision 2

Name _____ Class _____ Date _____

1 **The tiny detector was trained on close-set eyes. A wider drawn face scores…**

◯ Below the line ◯ Perfect ◯ The same as the box

2 **A high score on the training shape is enough to trust a detector on new people.**

◯ True ◯ False

3 **Match the picture.**

Round drawing	• • • •	Correctly not a face
Wide drawing	• • • •	A face the detector misses
Box	• • • •	In the training average

4 **Order a fair check of a detector.**

☐ Report who it misses

☐ Test on shapes it did not train on

☐ Train on one set

✎ **What will you do if the class wants to test on their own photos?**
