Helpers that act: steps, tools and asking first: review

AI agents · Primary school · Unit check

In this unit

- A helper that does things
- One step at a time
- The helper’s toolbox
- Ask first!

The big ideas

- Agents use tools; some helpers only talk
- Small steps, in order; stop when one goes wrong
- Pick the tool that fits, ask, or say “I can’t”
- A helper asks first, and you decide

Activity: Helper rules poster

1. Warm-up (3 min): Recall one rule from each lesson.
2. Draw (10 min): A poster of the four helper rules.
3. Test (5 min): A partner gives you a helper problem.
4. Share (2 min): Which rule helped you answer?

Draw on any paper, and use made-up names on your poster.

Let’s discuss

1. Which helper rule will you use first?
2. Which question surprised you, and why?
3. How would you explain an agent to a younger child?

Exit ticket

- My favourite helper rule + when I’ll use it.
