Relationships

Data science · Level 2 · Lesson 3

Today we will

- Draw and read a scatter plot.
- Read a correlation r.
- Ask what else could explain a pattern.

Remember

- One dot per pupil.
- r from -1 to 1.
- Together is not cause.

A class scatter chart

1. Warm-up (5 min): Do sleep and marks go together?
2. Teach (8 min): Dots, direction, strength.
3. Plot (15 min): Height and arm span.
4. Discuss (7 min): Pattern or cause?
5. Wrap-up (5 min): What did we find out?

Let’s discuss

1. Why is height linked to arm span?
2. What could explain sleep and marks going together?
3. How would you test a cause fairly?

Exit ticket

- Sketch a scatter plot with r close to -0.9.
