How chatbots write

AI · Level 1 · Lesson 2

Today we will

- See how a chatbot builds an answer
- Learn the word “token”
- Understand why fluent ≠ true

One word at a time

- The chatbot reads your question
- It predicts a likely next piece
- It repeats until the answer is done

Class game: the human chatbot

1. Write: “In the morning the pupils open their …”
2. Pupils vote on the next word
3. Add the winner, vote again
4. Talk about why some words are more likely

15 minutes · board and chalk

Let’s discuss

1. Why does a chatbot sound so sure of itself?
2. When would a likely answer still be wrong?

Exit ticket

- Finish: “A chatbot writes by …”
- Name one fact you would double-check
