Review notes · for you

Helpers that act: steps, tools and asking first: unit check

AI agents · Primary school · Unit check

Time	Materials
20 min	Paper and a pen. No device needed.

Learning goals

- A helper that does things
- One step at a time
- The helper’s toolbox
- Ask first!

Activity: Helper rules poster

1. Warm-up (3 min): Write one rule from each lesson in your own words: tools, steps, the toolbox, and asking first.
2. Draw (10 min): Make a poster with the four rules, a small drawing for each, and one example from your own life.
3. Test (5 min): A partner describes a helper problem, such as “It wants to send a photo to the whole school”. Point to the rule that solves it.
4. Share (2 min): Say which rule helped you answer, and which one you will teach at home.

Draw on any paper, and use made-up names on your poster.

Discussion

- Which helper rule will you use first?
- Which question surprised you, and why?
- How would you explain an agent to a younger child?

Check yourself

- My favourite helper rule + when I’ll use it.

Try it this week
Pick the helper rule you like best (check with a tool, steps in order, “I can’t” and asking, or ask first) and teach it to someone at home this week.

Quiz sheet

Helpers that act: steps, tools and asking first: unit check

AI agents · Primary school · Unit check

Name _____ Class _____ Date _____

1 **What makes a helper an agent?**

◯ It writes long answers ◯ It uses tools to get a job done ◯ It talks in a friendly way

2 **Put an agent's steps in order.**

☐ Use a tool

☐ Answer from the tool's facts

☐ Listen to the question

☐ Make a plan

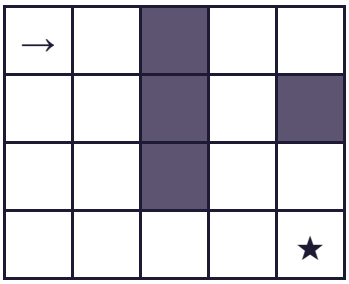

3 **A helper can use a tool it doesn't have, if you ask nicely.**

◯ True ◯ False

4 **Match each question to the tool that fits.**

Will it rain in Dala tomorrow?	• • • •	The route tool
How far is it to Sabo?	• • • •	The weather tool
What is 9 × 8?	• • • •	The reminder tool
Remind me at 7:00 tomorrow	• • • •	The calculator

5 **Program the robot, step by step, to reach the star.**

Cut out cards (↑ forward, ↶ turn left, ↷ turn right) and lay out a program that takes the robot to the ★. Write it here:

_____

_____

6 **Which of these need your yes before a helper does them? Choose all that apply.**

☐ Look up the timetable ☐ Find the weather in Kafi ☐ Pay for a bus ticket

☐ Send a photo to the class group

7 **A helper's first step went wrong: the timetable says there is no school on Saturday. What should it do next?**

◯ Keep trying until it works ◯ Carry on and set the reminder ◯ Stop and tell you

8 **Complete the sentences.**

When no tool fits, a good helper says "I _____". When a detail is missing, it _____.

Word bank: guesses · can · can't · asks

9 **Which of these could a helper use as a tool to send a message?**

◯ A lamp ◯ A phone ◯ A plant

10 **Saying no to a helper is always allowed.**

◯ True ◯ False

Check your answers

Helpers that act: steps, tools and asking first: unit check

AI agents · Primary school · Unit check

1 **It uses tools to get a job done**

An agent uses tools, like the weather or a calculator, to get a job done.

2 **Top to bottom: 3, 4, 1, 2**

An agent listens, plans, uses a tool, and only then answers, from what the tool sent back.

3 **False**

A helper can only do what its tools can do.

4 **Will it rain in Dala tomorrow? — The weather tool**
How far is it to Sabo? — The route tool
What is 9 × 8? — The calculator
Remind me at 7:00 tomorrow — The reminder tool

Each tool does one job: the weather, the way, sums, reminders.

5 **Any program that takes the robot to the ★ with 5 cards or fewer.**

Turn right to face down, go forward three squares, turn left, then go forward four squares.

6 **Send a photo to the class group; Pay for a bus ticket**

Sending a photo and paying change something and can't easily be undone, so they need your yes.

7 **Stop and tell you**

When a step goes wrong, a good helper stops and tells you.

8 **When no tool fits, a good helper says "I can't". When a detail is missing, it asks.**

Saying "I can't" is honest when no tool fits, and asking is better than guessing when a detail is missing.

9 **A phone**

A phone can send messages. And remember: sending is doing something, so the helper must ask you first.

10 **True**

You are in charge. You can always say no, fix the request, and let the helper ask again.
