# AI tools for teaching: review

## AI · Level 2 · Unit check

# In this unit

- How a chatbot writes
- Prompts that fit your class
- Generate, then check
- Keep pupils’ data private

# The big ideas

- A chatbot predicts one likely token at a time: fluent isn’t the same as true
- Prompts that fit: role, task, context, format, and follow-ups
- Generate, then check: facts, level, bias and local fit
- Share the task, never the child

# Team quiz

1. Make teams of four
2. Read each question aloud; teams agree on one answer
3. Reveal the answer and ask one team to explain why
4. Write the hardest question on the board for tomorrow

# Let’s discuss

1. Which idea will you use first?
2. Which question surprised you, and why?
3. What will you tell your family about this unit?

# Exit ticket

- One idea I will use, and when I will use it
