Learn from reward

AI · University · Lesson 1

Late credit

- The reward is at the end
- Early steps must learn too

Two pictures

- Value: how good
- Policy: what to do

In the lab

1. Find the charger
2. Point at one shade (value) and its arrow (policy)
3. Work one update on paper

Ask

1. Can a reward be wrong?

Exit ticket

- Value is not policy. Finish the sentence.
