Using AI safely at school: review

AI security · Level 1 · Unit check

In this unit

- What you type can travel
- Confident, wrong and risky
- Fakes: voices, faces and messages
- Who wrote this? Detectors and fair rules

The big ideas

- Your words travel: share the situation, not the child
- The check grows with the stakes; beware automation bias
- Fakes are cheap: pause, call back, use a code word
- A detector's score is a hint, never proof

Team quiz

1. Make teams of four
2. Read each question aloud; teams agree on one answer
3. Reveal the answer and ask one team to explain why
4. Write the hardest question on the board for tomorrow

Let’s discuss

1. Which habit will you use first?
2. Which question surprised you, and why?
3. What will you tell your colleagues about AI fakes?

Exit ticket

- One habit I will use, and when I will use it
