Lesson notes · for you

1. Project description

Why, what, the five milestones, how it is reviewed

Time	Materials
15 min	A browser (phone or computer); An email you can open, for your GitHub account Starter: https://github.com/darsi-org/code-capstone

Learning goals

- Know why this capstone exists
- Plan about 15 hours across five milestones
- Open the starter template link when ready
- Next: Starter setup with screenshots

Activity: Do this

1. Read the five milestones and their hours
2. Spread about 15 hours over a few weeks, and write them in your calendar
3. Find a computer with internet (a school computer lab is fine)
4. Make a free GitHub account if you don't have one

Discussion

- Can I explain why this stage exists?
- What do I open next?

Check yourself

- One sentence: what this stage asked me to understand or do.

Try it this week

Create the GitHub account today if you still need one.
