Lesson notes · for you

2. Starter

Screenshots and the exact clicks

Time
45 min

Materials
A computer with internet (a school computer lab is fine); A free GitHub account
Starter: https://github.com/darsi-org/code-capstone

Learning goals

- Make your own copy of the starter on GitHub
- Open it in Codespaces or on your computer
- Install what the project needs
- See check.py write darsi-check.json

Activity: Do this

1. GitHub account if needed
2. Use this template → your repo
3. Codespaces or local terminal
4. venv + pip + python check.py

Discussion

- Did check.py write darsi-check.json?
- Do I have my repo URL?

Check yourself

- One sentence: what this stage asked me to understand or do.

Try it this week
Run python check.py once on your copy and open darsi-check.json.
