Lesson notes · for you

3. Project submission

Final stage: hand in evidence

Time
60 min

Materials
A computer with internet (a school computer lab is fine); A free GitHub account
Starter: https://github.com/darsi-org/code-capstone

Learning goals

- Hand in each milestone with its evidence
- Show that darsi-check.json passes it
- Explain your work in your own words
- Get the decision from your teacher or the Darsi team

Activity: Do this

1. Paste your GitHub repo URL
2. Upload darsi-check.json
3. Explain in your own words
4. Tag v1.0 as a release before you send m5

Discussion

- Does darsi-check.json pass the milestone I'm sending?
- Which milestone do I send next?

Check yourself

- One sentence: what this stage asked me to understand or do.

Try it this week
Submit the next milestone with repo link and darsi-check.json.
