Smart school projects: review

IoT · Level 4 · Unit check

In this unit

- Start from a problem
- Pilot, place and test
- Keep it running and secure
- Data ethics: fair, safe and honest

The big ideas

- Start from a problem, with a question you can measure
- Pilot one, place it well, set alerts on real data
- Plan upkeep, a heartbeat, security and a handover
- Collect less, ask first, report honestly

Team quiz

1. Make teams of four
2. Read each question aloud; teams agree on one answer
3. Reveal the answer and ask one team to explain why
4. Write the hardest question on the board for tomorrow

Let’s discuss

1. Which idea will you use first?
2. Which question surprised you, and why?
3. What will your pupils build or measure first?

Exit ticket

- One idea I will use, and when I will use it
