Lecture plan · for the lecturer

Teaching AI agents at university: unit check

AI agents · University · Unit check

Time	Materials
40 min	Projector or board, and the lecture slides.

Learning goals

- Agents and MDPs
- Planning and tools
- Evaluation
- Safety and governance

Activity: Peer-instruction review

1. Vote (10 min): Show each question; students answer alone and commit to an answer.
2. Discuss (15 min): Where answers split, pairs argue for two minutes and vote again.
3. Explain (10 min): Work through the questions most students missed, showing the reasoning step by step.
4. Plan (5 min): Note which misconception to revisit next week and how.

Discussion

- Which misconception will you target first?
- Which lab will you add?
- How will you assess agent projects?

Exit ticket

- One change to my agents course this term, and how I will know it worked.

Try it in your next lecture
Bring your agent-project risk review and evaluation protocol to your next department meeting for review.
